- 11) The County will provide building permit fee rebates of the base building permit fee, to the building permit applicant, for commercial and multiple unit residential buildings that achieve Leeds certification (or an established equivalent) as follows: to a maximum of 70% for Platinum certification, to a maximum of 50% for Gold certification, to a maximum of 40% for Silver certification, or to a maximum of 30% for Leeds certification. Rebate eligibility is subject to verification of certification, having acquired all applicable permits for the project, and having passed all required inspections for the project. The County reserves the right to adjust rebate eligibility percentages for each application on the basis of which features were incorporated to achieve Leeds (or equivalent) certification, and their degree of benefit to the County in the form of sustainable options and potential lifecycle savings through infrastructure economies, environmental initiatives, and social considerations such as sustainable materials and liveability.
- 12) The County will provide building permit fee rebates of the base building permit fee, to the building permit applicant, for Multi-Storey and Residential Towers (MS&RT) that achieve Built Green™ MS&RT certification (or an established equivalent) as follows: to a maximum of 30% for Platinum certification, to a maximum of 20% for Gold certification, to a maximum of 15% for Silver certification, or to a maximum of 10% for Bronze certification. Rebate eligibility is subject to verification of certification, having acquired all applicable permits for the project, and having passed all required inspections for the project. The County reserves the right to adjust rebate eligibility percentages for each application on the basis of which features were incorporated to achieve Built Green™ MS&RT (or equivalent) certification, and their degree of benefit to the County in the form of sustainable options and potential lifecycle savings through infrastructure economies, environmental initiatives, and social considerations such as sustainable materials and liveability.
- 13) The County will provide building permit fee rebates of the base building permit fee for single, semi-detached and multi unit residential dwellings to homebuilders who achieve R-2000 or Built Green™ certification as follows: 50% for R-2000 certification, 40% for Built Green™ Gold certification, 30% for Built Green™ Silver certification, or 20% for Built Green™ Bronze certification. Rebate eligibility is subject to verification of certification, having acquired all applicable permits for the project, and having passed all required inspections for the project.
- 14) The PDS Manager, may make exception to the application of penalties for commencement without a permit application or prior to permit issuance.
- 15) The County bases any penalties for commencement prior to permit issuance on the base permit rather than on just a partial (e.g. foundation) permit.

- f) For every kilogram of phosphorus (TP) beyond the limits outlined below, a per kg charge equivalent to the rate below.

The foregoing weight in kilograms is calculated on the following basis for each component:

$$\frac{(C_m - C_a) \times \text{Water Consumption}}{10 \text{ cubic meters}}$$

Where:

C<sub>m</sub> = concentration of component testing

C<sub>a</sub> = concentration allowed in schedule D of the Sewage System Bylaw

Water Consumption = the total amount of water consumed in cubic meters

No reduction in water consumption will be allowed in any surcharge calculations without the written approval of the Director of Utilities
