**Conditions****1 Act**

The issuance of a Permit shall not prevent a Safety Codes Officer from issuing a correction notice if a gas installation or part thereof is found not to be in accordance with the Safety Codes Act, pursuant regulations, or bylaws.

**2 Deviation**

No deviation from the plans, specifications or information contained on the application for this Permit shall be permitted without prior written authorization from the Safety Codes Officer.

**3 Expiry**

This Permit expires one year from the date of issue.

**4 Safety Codes Officer**

The person authorized to perform the installations governed by this Permit shall notify the Safety Codes Officer prior to concealment of any portion of the installation.

**5 Location of utilities**

Before excavation is started, check for the location of utilities.

**6 Inspection**

The permit applicant shall contact the Safety Codes Officer to arrange for the following required inspections: rough-in and final inspections of all installations exceeding 400,000 BTU, and final inspection of all installations 400,000 BTUs or less. All installations are required to be tested by air/liquid solution, or leak detection device. Testing is to be verified by the Safety Codes Officer to a minimum air test of 15 psi.

**7 Important notice**

If any portion of the work is concealed prior to an approval by a Safety Codes Officer, all work may be requested to be uncovered.

**8 Re-inspection**

Any required re-inspection may be subject to a re-inspection fee, as per the current fee schedule. This fee is required to be paid before to the re-inspection takes place.

**9 Offense**

Any person who commits a breach of any of the provisions of the Safety Code Act, or regulations made pursuant thereto, or of the conditions of a Permit, is guilty of an offence under the Act.

**10 Approval**

Neither the examination of plans and specifications nor the issuance of a permit shall be construed to be an approval of any installation made or done in contravention of any provision(s) of a bylaw, an agreement or the Safety Codes Act or regulations. Satisfactory inspections are required for final approval.
