Conditions

1 **Act**

The issuance of a permit shall not prevent a Safety Codes Officer from issuing a correction notice if an electrical installation is found not to be in accordance with the Safety Codes Act, pursuant regulations or bylaws.

2 **Deviation**

No deviation from plans, specifications or information contained on the application for this permit shall be permitted without written authorization from the Safety Codes Officer.

3 **Expiry**

This permit expires one year from the date of issue.

4 **Safety Codes Officer**

The person authorized to perform the installations governed by this permit shall notify the Safety Codes Officer before concealment of any portion of the installation.

5 **Location of utilities**

Before excavation is started, check for the location of utilities.

6 **Inspection**

The permit applicant shall contact the Safety Codes Officer to arrange for the following required inspections: completed rough-in work in walls, ceilings, and floors prior to covering, and final inspection upon completion of all work authorized by the permit.

7 **Important notice**

If any portion of the work is concealed prior to an approval by a Safety Codes Officer, all work may be requested to be uncovered.

8 **Re-inspection**

Any required re-inspection may be subject to a re-inspection fee, as per the current fee schedule. This fee is required to be paid before to the re-inspection takes place.

9 **Offence**

Any person who commits a breach of any of the provisions of the Safety Codes Act, or regulations made pursuant thereto, or of the conditions of a permit, is guilty of an offence under the Act.

10 **Approval**

Neither the examination of plans and specifications nor the issuance of a permit shall be construed to be an approval of any installation made or done in contravention of any provision(s) of a bylaw, an agreement or the Safety Codes Act or regulations. Satisfactory inspections are required for final approval.
