What is a curb crossing?

Curb crossings help to provide level ground when accessing a driveway. When a curb crossing is constructed, the height of the curb is tapered, old concrete is removed and new concrete is poured from the edge of the street to your driveway.

What is required?

The form in this brochure needs to be completed and the cut away section mailed to:

**Strathcona County
Transportation and Agriculture
Services
2001 Sherwood Drive
Sherwood Park, AB T8A 3W7**

All contracts, paperwork and permits will be handled by Strathcona County.

What form of payment is accepted by Strathcona County?

Strathcona County accepts cash, cheque and in the case of a homeowner, the cost may be invoiced on the monthly utility bill.

What are the advantages of Strathcona County constructing the curb crossing?

The rates are set on a yearly basis by Strathcona County Council and are listed in the Transportation and Agriculture Services' fees and charges.

The costs are competitive. All installations of curb crossings are compiled and a single contract is generated and tendered to an open competition throughout the construction industry.

The product is of the highest quality. Our tendering process only permits qualified contractors. The work is guaranteed and is inspected by Strathcona County to ensure the final product meets all required standards.
