

## TOWNSHIP ROAD 522 UPGRADES

### PROJECT UPDATE

We are pleased to inform you that the first stage of the Township Road 522 Upgrades Project was successfully completed in 2015. Strathcona County has completed this phase safely and on schedule with the project support of both McElhanney and Park Paving Ltd. The improvements to the road will provide a safer roadway and transition to Highway 21. Enhancements to the road include; wider lanes, paved shoulders, improved sight lines, and gentle side slopes. We appreciated your cooperation and patience as we made improvements for a safer roadway and transition to Highway 21.

#### BACKGROUND

An Open House was held on Thursday, October 15, 2015, and all of the project information presented is available online for review at [www.strathcona.ca/Twp522](http://www.strathcona.ca/Twp522).

#### NEXT STEPS

Strathcona County is currently reviewing the design for stage two of the project, which will upgrade the roadway 800 meters east of Highway 21 to Range Road 224. See reverse for details on next steps.

#### STAKEHOLDER INFORMATION

It is our goal to ensure open communication with residents and stakeholders regarding all aspects of the project. See reverse for more stakeholder and landowner information.

COUNTY

## NEXT STEPS CONTINUED

Stage two upgrades and related construction are planned for 2016 dependent on; land acquisition, funding, regulatory approvals and franchise utility relocations. Safety is a primary goal of this project, with features including wider lanes, paved shoulders, and better sight lines.

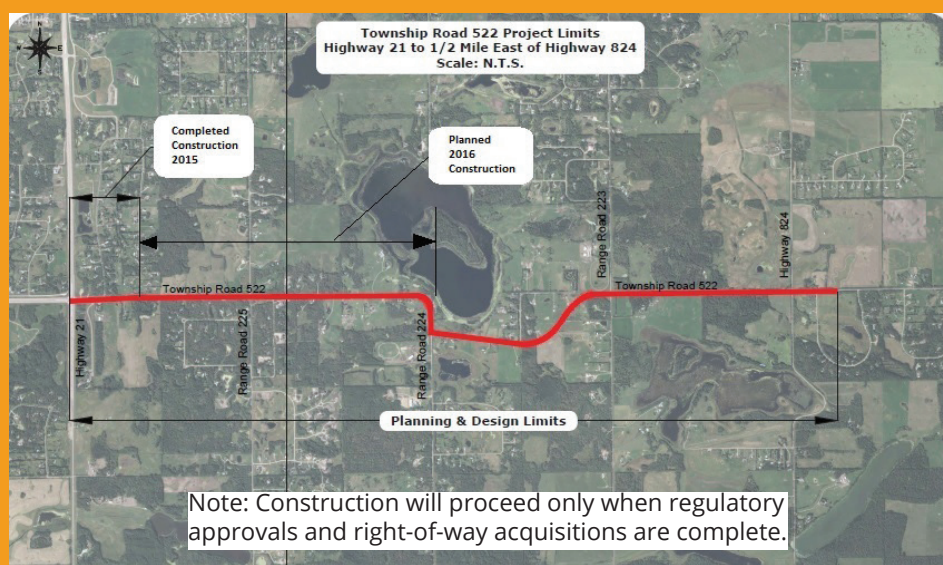

## STAKEHOLDER INFORMATION CONTINUED

Strathcona County will continue to work with McElhanney to complete the design and manage the construction process. In the coming weeks, stakeholders and affected landowners within and adjacent to the project area will be contacted by Dema Land Services. It is our goal to ensure open communication with residents regarding all aspects of the project. We are working to communicate with all affected landowners in early 2016. Further notices will be mailed out to ensure that key project updates are shared.
