

Notice of Construction at Heritage Hills Park

April 24, 2020

Dear Resident,

Beginning May 1, 2020, Strathcona County will be constructing a new outdoor boarded skating rink west of the new Wye School in Heritage Hills Park. In addition to this, a new fenced dog off-leash park will be installed on the south side of Heritage Drive (see attached map). Global Sports Resources Ltd. has been contracted to complete the outdoor boarded skating rink and Classic Landscapes Ltd. has been contracted to complete the dog off-leash park.

Construction is expected to be completed by August 2020, pending impacts from weather and unforeseen issues.

What to expect

There will be minimal to no impacts to traffic; construction activities will primarily take place in the green space off Heritage Drive. The asphalt trail running east-west on the southside of the park, north of Heritage Drive will remain closed due to the school construction; but the westside of the green space and the main trail running north south will remain open. The sidewalk on the south side of Heritage Drive will also remain open during the construction of the dog off leash park.

To ensure the safety of workers, pedestrians and other drivers, please respect the "Posted Speed Limit" signs and barricades, and drive through all work zones with caution.

You can find information on the project website and updates at www.strathcona.ca/wyeschoolreplacement.
