

2018 Highlights

We continued to implement and expand programs under the Urban Agriculture Strategy in 2018.

From new projects, tools and events to surveys, newsletters and news articles, here's a by-the-numbers look at all the ways we increased access to, and visibility and awareness of, urban agriculture in Strathcona County.

Urban Agriculture Strategy

3 

Urban ag-related articles in the Sherwood Park News

83 

Urban Ag newsletter sign-ups; 512 total subscribers

199 

Edible garden survey participants

1 

Garden Day party on June 16

200 

Edible plant giveaways

5 

Local green thumb expert volunteers

Edible plants in public places

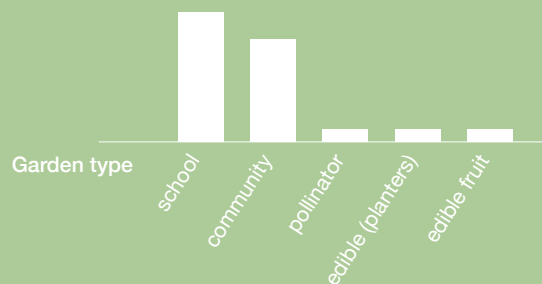

Five new edible planters at Broadmoor Lake Park

One new edible fruit garden – with 15 varieties of edible trees and shrubs

One new online edible plant map – with 37 entries showcasing all the ways we are growing urban agriculture in Strathcona County.

Community gardens

Seven new community gardens
